### Product image

Pictures may differ from the original.

### Description

- Linear polarisation filter
- Suitable for the visible wavelength range between 400 nm and 700 nm
- Optimal effect only in combination with a polarisation filter on the lens

### Technical data

Tariff code	94059200
Country of Origin	Federal Republic of Germany

### **i** Mounting direction for polarisation filter

### Linear polarisation filter screen POL made of PMMA
