

# Software ProCable3

The CAQ-System customised for producer requirements

Product No.: 403.0002.01

## System requirements:

Measurement device	any PC
Operating system	Windows 7, Windows 8.x, Windows 10
RAM space	2 GB
Hard disk space	5 GB

## Easy handling - Highest functionality

- Test plan development
- Order administration
- Archiving of obtained test results
- Creation of result lists according to the test plans (product report recipes)
- Correct and structured filing of test results
- Exceedance of tolerance limits are immediately reported and saved
- Possibility to connect with external measuring devices (please inquire type)
- Connection with an SQL or MS Access® database possible
- By analysing the data in graphs, trends can be detected easily (e.g. growing outer diameter displays the wear of the extrusion tool)

## Retraceable CAQ-System

- Achieved test results are compared with test plans and exceedances of tolerance limits are immediately reported
- Retracement is guaranteed
- Compact CAQ-System, especially developed for cable producer requirements
- Various functions for safe administration and archiving of your test results
- Retracement: Due to the comparison with the deposited test plans, ProCable reduces operator influences and guarantees safe measurement results
- Various filter functions enable finding any result
- Results are displayed in charts, tables and histograms
- Export to MS Excel® and qs-STAT possible
